

## VZ Laying Clamp

Especially suitable for handling concrete kerb stones.

- The one-sided angular supports which are placed on the kerb stone already in place enable an extremely narrow joint. (applies to VZ-I)
- Grips longitudinally so that it can be used in tightest spaces.
- No deflection of the plumb line.
- All models are equipped with a lifting eye.
- Durable surface protection by galvanizing.

**VZ-II:** Comes complete with rubber grippers, suitable for moving large slabs.

VZ-I

VZ-II

| Type  | Working Load Limit/WLL<br>kg (lbs) | Dead Weight kg (lbs) | Gripping Range mm (in)         | Length of Gripper mm (in) | Inside Height mm (in) | Order-Number |
|-------|------------------------------------|----------------------|--------------------------------|---------------------------|-----------------------|--------------|
| VZ-I  | 100 (220)                          | 11 (24)              | 500 – 1,045<br>(19.69 – 41.14) | 100 (3.94)                | 40 (1.57)             | 53100140     |
